

## Commercial Solid Waste Collection Companies

This list represents those companies that have approved agreements with the County of Ventura. These agreements allow them to collect commercial solid waste and recyclables within the unincorporated areas of Ventura County. Please note, if a solid waste collector does not appear on this list, they have not received the necessary approval from the County Board of Supervisors to collect solid waste for commercial customers in the unincorporated areas of Ventura County. This list is not meant to convey any information about solid waste collectors authorized to collect waste within the ten cities of the County.
