

RESIDENTIAL RECYCLABLES LIST

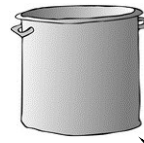

The Director's List of Residential Recyclables

SECTION 1: STANDARD RECYCLABLES

The items shown/listed below are collected as part of a "commingled" (mixed) recycling process. This list is not necessarily all inclusive and does not preclude either waste disposal, or recycling companies from recycling other materials.

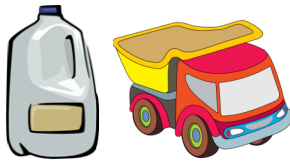

MISC. BOXES

METALS: cans, aluminum, etc.

PAPER:
office paper, newspaper,
magazines, junk mail

PLASTICS: #1 - #7

BEVERAGE CONTAINERS

CARTONS

GLASS BOTTLES

SECTION 2: GREEN MATERIALS

Waste disposal companies must provide separate green waste containers to all residents of unincorporated Ventura County for the following listed/shown materials. Residents not generating these materials, managing such materials on-site (composting or mulching) or self-hauling them to a permitted processing facility, may request from the County a green waste exemption from standard collection service.

GRASS

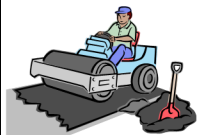

LANDSCAPE TRIMMINGS

**WOOD
(INCLUDING PALLETS)**

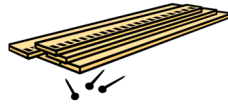

SECTION 3: CONSTRUCTION AND DEMOLITION WASTE

ASPHALT

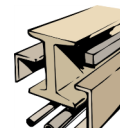

CONCRETE

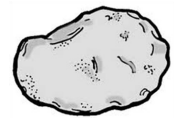

WOOD

DIRT

METAL

ROCK

Note: Items listed in Section 3 above are NOT to be placed in your household barrel or bin; special pick-up arrangement

By law, each waste disposal company servicing residents of unincorporated Ventura County must collect all materials shown/listed. All materials must be recycled responsibly and in compliance with all local regulations, including the use of permitted recycling facilities. Household hazardous waste (HHW), such as used motor oil, must always be disposed legally--never in your curbside collection containers. Please contact 805/658-4318 for any HHW disposal information or locations or visit www.wasteless.org/HHWevents.
